*T*HE AMERICAN OSLER SOCIETY
has been founded for the purpose of bringing
together members of the medical and allied
professions who are, by their common inspira-
tion, dedicated to memorialize and perpetuate
the just and charitable life, the intellectual re-
sourcefulness and the ethical example of Wil-
liam Osler (1849-1919). This, for the benefit
of succeeding generations, that their motives be
ever more sound, that their vision be on ever-
broadening horizons, and that they sail not as
Sir Thomas Browne's Ark, without oars and
without rudder and sails and therefore, without
direction.
