THE AMERICAN OSLER SOCIETY
has been founded for the purpose of
bringing together members of the
medical and allied professions who
are, by their common inspiration, ded-
icated to memorialize and perpetuate
the just and charitable life, the intellec-
tual resourcefulness, and the ethical
example of William Osler (1849-1919).
This, for the benefit of succeeding gen-
erations, that their motives be ever
more sound, that their vision be on ever-
broadening horizons, and that they
sail not as Sir Thomas Browne's Ark,
without oars and without rudder and
sails and therefore, without direction.
